

# Android Quick Start Guide

SETTING UP YOUR TEAMWIRE APP

**1**

Search for "Teamwire" on Google Play and **download the app** or find the download link at <https://teamwire.eu/downloads>

**2**

Once the app is installed, open the app and **tap Register to continue.**

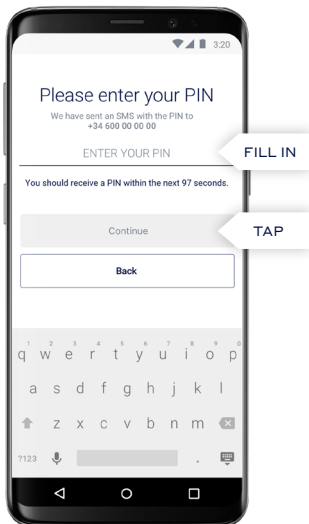

**3**

Select your country code and **fill in your phone number and email address.** Make sure your inputs are correct. You will receive a PIN via SMS and an email. **Please accept the Terms of Service and Privacy Policy and tap Continue.**

If your organisation is running its own Teamwire Server, please enter the Backend Hostname. Ask your IT system administrator for details.

**4**

Go to your business email account and **confirm the email received.** Afterwards, please tap **"Yes, I confirmed my email".**

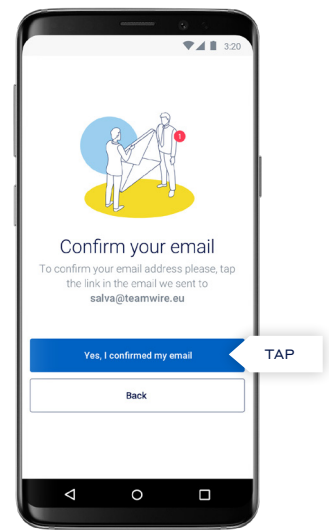

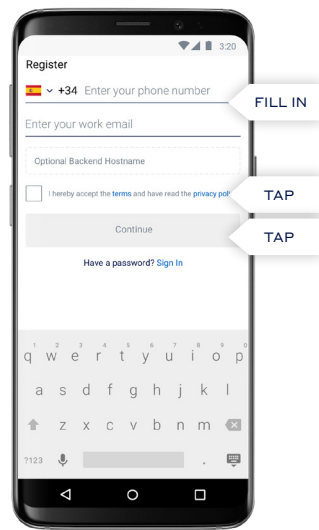

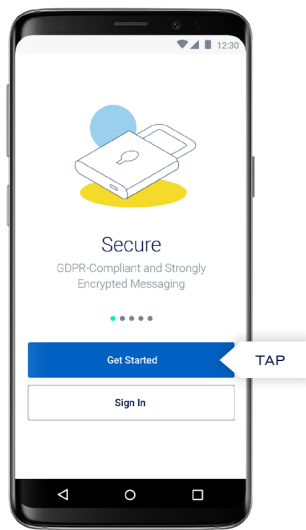

**5**

Please **enter the PIN** received from Teamwire via SMS and **tap Continue.**

**6**

**Enter your name and set a profile picture** so other colleagues can recognize you. When ready, **tap Start Messaging.**

**You are ready to use Teamwire!**

If you have any further questions, please tap "Manual and FAQ" on the Teamwire app's settings or visit <https://teamwire.eu/faq>
